

## Nurturing the Growth of Horticulture in Africa

As a leading law firm, ALN Kenya has been part of its clients' journeys as they navigate Africa's opportunities as they look to make an impact across the business spectrum. The firm has worked with Homegrown to position itself as one of the world's leading growers and suppliers of fresh cut flowers, house and garden plants to advance the growth of the Horticultural sector. Horticultural crops rank among the leading export earners for some African countries including Kenya. The agricultural subsector plays a key role in creating employment and developing related industries such as manufacturing through agro-processing.
